ECE 472/575 Antennas I Syllabus
Fall 2014

Instructor: Prof. Harackiewicz
Email: fran1@siu.edu
Office: ENGR E-120
Office Phone: 453-7031

Office Hours: M 10-12, TR 8:15-10:15 and 2:15-3:15
ECE 472-4 and 575-3 have the same lecture. ECE 575-3 has no scheduled lab section.
Lecture: 8-9:15, TR, Engineering, A Wing 0208,
Lab Time: R 9:30-11:30 am, ENGR E-128 + E-129; TA: David Addison EGR E128

Grading/Evaluation:
Assignments (take home and in class) 10%
Presentations (TBS) 10%
Lab Projects (includes Reports, Notebooks and Presentations) 20%
Exams – Closed Book and Closed Notes (2 in-class) 50%
Final Exam (see finals week schedule) 10%
A: 90-100; B: 80-89; C: 70-79; D: 60-69

Classroom Policies:
A. Attendance Policy: Attendance is important as some assignments are to be done in class. Students are responsible for all announcements made in class and/or posted to D2L.
B. Late Homework/Missed Exams: Late homework is not accepted. If an exam is missed for a documented legitimate reason, a grade will be assigned based on the remaining exams.
C. Mobile Technology Policy: Mobile technology is allowed only when announced as a tool for lab work. Otherwise, it is to be put away and silenced during class.
D. Lab Notebooks: Students are required to keep and use a laboratory notebook for all lab project design work and presentation research done in this class to be handed in at the end of the semester. Pages should be sequentially numbered and dated. No work should be obliterated. If you made a mistake simply write an "x" through it. The first page should be for the contact information for you and your classmates. The second and third pages should be a table of contents. If you buy a notebook that is bound with either carbon or carbonless copies, you will be able to keep a copy for yourself at the end of the semester too.
E. Lab reports: Lab reports are to follow the ECE writing style guide posted on D2L. Copies of laboratory notebook pages relevant to each report will be attached to the report.

1 Pages 2 and 3 are for ABET
